Employment of Prisoners of war on road repairs.

I am directed to refer to P.W. letter No.5127-28 dated 22nd January 1943 and correspondence ending with your letter No.F.2-43/W. dated the 22nd January 1943 regarding the employment of Prisoners of War on road repairs and establishment of temporary camps, and to state that the Chief Engineer of Mysore met by appointment Brigadier Halsted, Chief Engineer, Southern Army, Bangalore, on 27th January 1943 and discussed the several aspects connected with the above subject and arrived at the following decisions:-

i) In the Tumkur and Chitaldrug Districts the prisoners of war should not be employed in view of the difficulty to arrange for water supply and of the fact that this Government have already started famine relief works in those Districts with the object of giving assistance to the local people.

ii) Prisoners of war camps may be permitted on the Kolar road and Hosur road, both of which require urgent repairs, and also another camp near Harihar where already there is a large Military camp.

iii) The entire cost of repairs would be borne by the Military authorities who would also try to procure bitumen as the ordinary macadam surface would not stand the heavy traffic.

iv) The Chief Engineer, Southern Army, agreed to contribute to this Government a subvention of Rs.1.93 lakhs towards maintenance cost of the lengths of roads noted below not taking into account the amount to be spent on the work done by the prisoners of war:-

Salem-Bellary & Bangalore-Dharwar roads 173 miles.

'Copy.'

Copy of letter No. B1-817/42-43 dated 24th Decm. 1942 from the Civil Officer, Bangalore, to the Revenue Commissioner & Civil Liaison Officer in Mysore, Bangalore.

With reference to memo No. 156/2/107/91/Q dated 19th December 1942 from the H.Q. L of C Sub Area, Bangalore, appointing a siting Board for the selection of a land for another P.O.W. Cage near Krishanrajapur, I have the honour to state that the Amildar, Bangalore South Taluq in whose jurisdiction the area is situated attended the Siting Board on 22-12-42 along with other members of the board. The land selected for the purpose belongs to two different persons. 1. Mr. Chinnaswamy Mudaliar, 2) Dr. M. A. Salam Saheb of Bangalore. The details of these lands together with the malki existing thereon are given in the enclosed statement.

Out of the area of 55 acres and 1 gunta belonging to Mr. Chinnaswamy Mudaliar, an extent of 44 acres 10 guntas are required for the Cage. Though this is an agricultural assessed occupied land, the owner has left it fallow. I therefore propose a compensation at Rs 4/- per acre per annum as in similar cases. There are valuable trees like Sandalwood, Tamarind and other varieties on the land which it is understood will not be interfered with by the Military. If damages are caused, suitable compensation will have to be paid. The owner claims an annual yield of 150 maunds of tamarind fruit. If he is permitted to remove them in the season, he will have to be given permission by means of a pass to collect the usufruct. The Otherwise he is entitled to a crop compensation of at least Rs 150/-.

Similarly Dr. Salam Sahib out of whose land 6 acres are under cultivation is entitled to a crop compensation at Rs 25/- per acre as the quality of the land is not very high. He has also to be given permission to remove tamarind or compensation paid. If no permission can be given for removal of the tamarind fruit, he may be given a lump sum compensation of Rs 50/- per annum. In this case also the trees are not expected to be damaged. Otherwise he will have to be paid suitable compensation for the loss of trees.

The total compensation as per above proposals will be as follows:-

	Area taken up.	Land compensation.	Crop Compensation	Total
1. Mr. Chinnaswami Mudaliar	44-10	178/-	150/-	328/-
2. Dr. Salam Sahib	7-23	156/-	50/-	206/-
	51-33	334/-	200/-	534/-

In the land of Mr. Chihhaswamy Mudaliar, there are two wells one in disuse and another is capable of being used. The latter which is a revetted one will have to be kept intact.
